

Auxcomm Working Group

2019-01-10

Nominations

Only 3 nominations:

- 1 – Triple header – the Auxcomm trainers
- 3 - Dennis Klipa, N8ERF
- 6 - Robert Hornbrook, KD8TOV
- 8 - Lou Gembolis, KG8NK

N8JI, KA9ZDO, KD8MOK

John Imeson, Ray Hasil and Randy Williams.

These 3 have been pivitol in bringing Auxcomm training to the state at thier own cost and time. They have traveled throughout the state and set aside time away from their families to see this through!

N8ERF

Dennis is an assistant SEC and the first alternate at the SEOC. He is a life member of the Midland Amateur Radio Club, and serves to mentor junior club officers. He is a Volunteer Examiner Coordinator and a MI-CIMS trainer. Dennis also serves as the secretary of the District 3 Auxcomm committee. Dennis is the driving force behind the Midland High School Electronics and Wireless Communications Club and the Northeast Middle School Club. He is currently working to start a radio club at the Jefferson Middle School.

KD8TOV

Robert stepped up to be the EC this year for a county that has not had an ARES/RACES group for a long time. He has worked tirelessly to build his organization into a working unit. Robert is also very involved in CERT and brings those skills into the amateur radio experience. Robert lists around 11 members on ARES Connect that support Montcalm County.

Also Robert is very involved in weekly nets. He often is net control on the West Michigan Emergency Communication Net. Robert has been very helpful to me in finding qualified EC's to fill vacancies. Lake county is a good example of his suggestion. They would not have an EC had it not been for Robert.

KG8NK

For his many years of service not only in leadership role a Marquette County EC, District 8 EC, now serving as D8AEC and even just stepped up to the plate once again to Volunteering pick up and take over the duties for EC for the National Weather Service and has reenergized that program.

ARES Connect

- Only 50/65 groups registered so far
- 287/~1500 users
- Get remaining counties registered
- Push individual registrations
 - Use sign up capability
- Remember to record hours after event
