ARPSC FY08 Summary

Net Reports

Each month NTS net managers report on checkins, traffic and time for their nets. The following table summarizes those results. Not all nets record individual net manhours, so for some nets the manhours are estimated. The method of estimation consistently underestimates those hours.

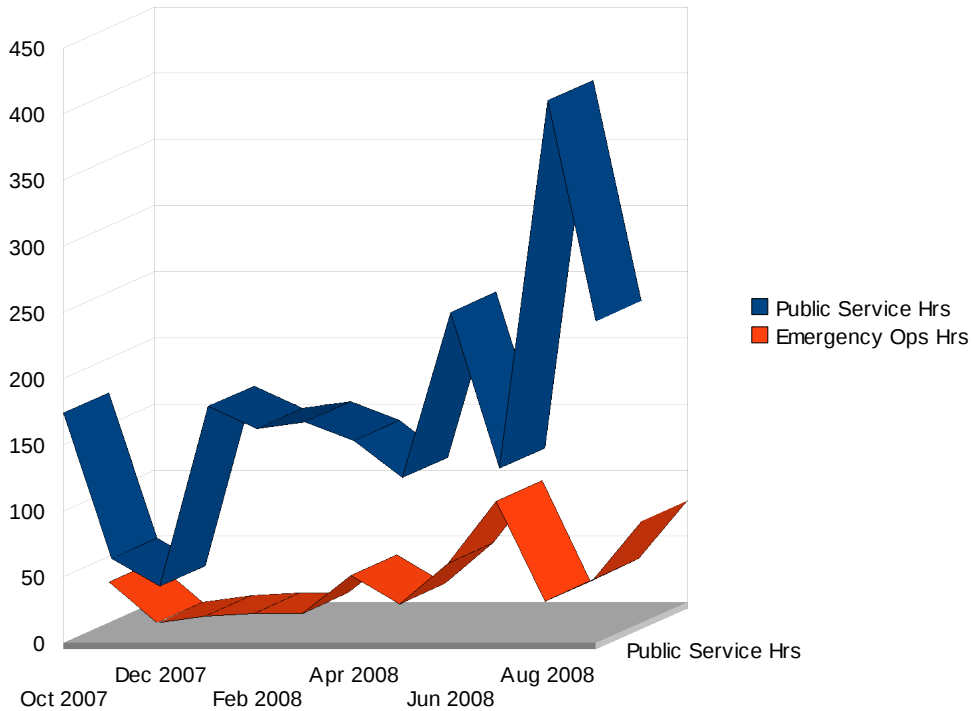

Period	Checkins	Traffic	Time	Sessions	Total Hours
Oct 2007	3409	946	215	272	1972
Nov 2007	3707	710	200	295	2879

Public Service Honor Roll

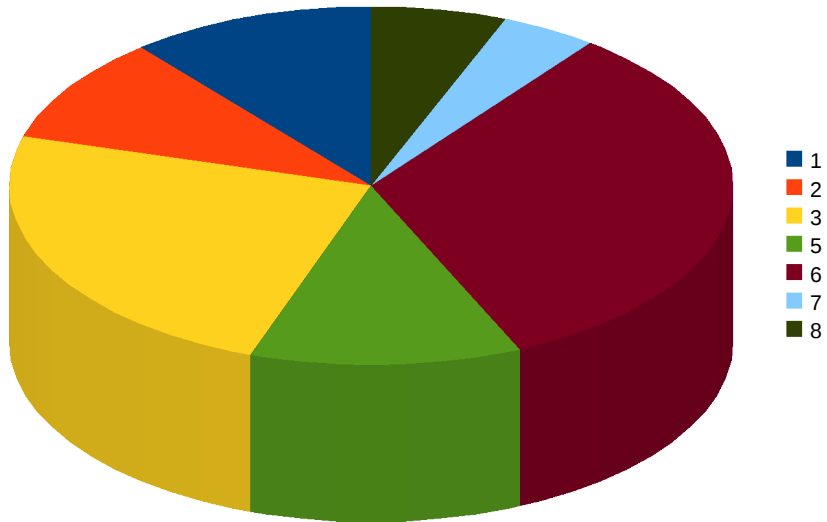

A small number of more active amateurs submit a monthly report to qualify for the American Radio Relay League's Public Service Honor Roll. Categories making up the total score include not only public service and emergency operations time, but also traffic handled, nets joined, and appointments held. Many amateurs only report these results when they have a sufficient score to qualify for inclusion in QST, so these hours do not represent a complete total. On the other hand, some of these hours may have been included by ECs in the FSD-212 results.

Period	Public Service Hrs	Emergency Ops Hrs	Total Score
Oct 2007	174	31	2172
Nov 2007	64	0	1124
Dec 2007	43	5	1116
Jan 2008	179	7	1615
Feb 2008	162	7	1836
Mar 2008	167	36	2020
Apr 2008	153	14	1923

District Breakdown

A breakdown of effort by district shows particularly high contributions by districts three and six. This is largely because of very active programs in Genesee and Kent.

Summary

Dollar value of ARES/RACES contribution	\$2,101,086
Dollar value of reported NTS net manhours	\$495,127
Dollar value of reported Public Service Honor Roll time	\$44,641
Total dollar value of reported amateur radio volunteer time	\$2,640,855
