

MICHIGAN TRAFFIC NET PREAMBLE

All stations, please stand by. Calling the Michigan Traffic Net, calling the Michigan Traffic Net. This is ____ my name is ____ located in _____. I will be your Net Control Station for this session of the Michigan Traffic Net. This is the Michigan Section of the National Traffic System. We meet nightly at 7 PM local time on or about 3952 KHz. All stations with or without traffic are invited to join. We can handle any legal Amateur radiogram traffic or any Military traffic for the MARS system. We do ask that your traffic be in the NTS format using ARRL numbered text whenever possible and be limited to 25 words or less. If help is needed with the traffic, it will be gladly provided. Stations with traffic listed are requested to remain on frequency until their traffic is passed. If that is not possible, please advise Net Control before leaving. All other stations may leave at any time. Standbys for additional checkins will be held at appropriate intervals so please wait for the call from Net Control before so doing.

CHECK-IN PROCEDURE :

Pre-Net checkins: On the Pre-net we have listed the following stations:
